FREE UNTIL 1916

Have you subscribed yet for the Youth's Companion for 1916? Now is the time to do it, if you are not already a subscriber, for you will get all the issues for the remaining weeks of 1915 free from the time your subscription with \$2.50 is received.

The fifty-two issues of 1916 will be crowded with good reading for young and old. Reading that is entertaining, but not "wishy-washy." Reading that leaves you, when you lay the paper down, better informed, with keener aspirations, with a broader outlook on life. The Companion is a good paper to tie to if you have a growing family—and for general reading, as Justice Brewer once said, no other is necessary.

If you wish to know more of the brilliant list of contributors, from our ex-presidents down, who will write for the new volume in 1916, and if you wish to know something of the new stories for 1916, let us send you free the forecast for 1916.

Every new subscriber who sends \$2 for 1916 will receive, in addition to this year's free issues, the Companion Home Calendar for 1916. Address the Youth's Companion, Boston Mass. New subscriptions received at this office.

Use this clean pure milk

The quickest and surest way to get milk you can depend upon always to be wholesome, rich, and pure, is to buy—of your grocer—CARNATION MILK—Clean, Sweet, Pure—From Contented Cows—It is safe for baby.

It adds a rich flavor in cooking—and is most convenient.

For drinking, it is healthful and nourishing. It has a distinctive pure taste—which you will pronounce delicious after a few trials.

Carnation Milk is just fresh, pure cream, evaporated to the thickness of cream—nothing added—nothing removed but water. Hermetically sealed and sterilized to preserve its purity and wholesomeness.

Use Carnation Milk a few times and appreciate its convenience, safety, economy. Order it from your grocer—"The Carnation Milkman."

Seasoning Canned Vegetables Canned peas and beans should be emptied from their cans and rinsed with cold water. Hot peas, beans, or other canned vegetables, in sautéing, should be drained. 11-11-1f
